

Confirmation regarding packaging materials in relation to Regulation (EU) 2025/40 (PPWR)

We are pleased to confirm that we have received the relevant information and supporting documentation from our manufacturers and suppliers for all packaging materials and packaging aids, in relation to Regulation (EU) 2025/40 on packaging and packaging waste (PPWR).

We have reviewed the documentation provided. To the best of our knowledge, the materials we use currently comply with the relevant requirements of the PPWR, as well as applicable product legislation. This confirmation is based on the declarations of the manufacturers and suppliers available to us, as well as the information provided on the packaging materials themselves.

We are, of course, happy to answer any queries you may have.
